Lido Dummy Leverset - Consumer clear pack. Lido dummy leversets are handed, select left hand (LH) or right hand (RH) depending on door swing (see note). For use on doors where only a pull is required. Lifetime mechanical warranty. 5 year finish warranty. How to determine the hand of a door: The hand of a door is always determined by facing the outside of a door. If the hinge is on the left side of the door, the door is left handed (LH). If the hinge is on the right side of the door, the door is right handed (RH). To order a handed product, specify LH or RH. Not all products are handed; only specify handing when required.

Security Stud Hinge - Satin brass finish. Door hinge is designed to provide security for outswinging exterior doors. Outswing doors are commonly found leading from the home to garage interior. Locking tab feature: Locking tab in 1 leaf of the hinge projects into hole in the other leaf to help prevent unwanted door removal when hinge pin is removed and door is in the closed position. Steel brasstone finish. Maximum door weight: 2 hinges equal 110 lb., 3 hinges equal 165 lb. 1 each per card.

Folding Door Hardware - For 1" to 1-3/8" doors up to 35 lb. A most unique folding door hardware set that features top hung hardware, *breathing* shock absorber hinges, surface mounted hardware. Surface mounted pivot-guide components are ideal for the consumer because no hole drilling is required. *Breathing* shock absorber hinges prevent shock of fast opening or closing from deforming pivots, guides, and hinges. Top hung hardware allows door to hang naturally, reducing possible warpage. Automatic top door spacing eliminates unsightly gaps, permanently. Floating, soft action-trouble free from top to bottom. Steel woodtone finish track and brass colored parts blend perfectly with stained or natural wood doors.

Faultless Caster

Lazy Susan - 1-unit construction. No separate parts, preassembled so there is no contact under load except through the rolling balls. Center opening allows for center post and ease of centering the unit. Attaches easily to second surface even though hidden after it is fastened to first surface. Only 5/16" thick adds a minimum of height to item. (Can be recessed into surfaces, reducing space to 1/8".) Triangle's large ball race designed for maximum stability. Bearing is interlocked. No rivet to work loose or bind.

4" x 6-1/2" Sheet Feltac™ Ultra Pad - Protect your investment in your home and furnishings - both floors and furniture legs. Reduce irritating *screeches and unsightly scratches* when moving furniture. Combine the rugged durability of commercial strength Velcro™ with the gentle protection of heavy-duty cushioned felt. Install on furniture legs - chairs, couches, tables, china cabinets, servers, desk, credenzas, etc. For use on ceramic, hardwood, laminate, terrazzo, vinyl, or sealed concrete floor surfaces. Quick and easy installation - just *peel and stick*. Neutral color felt pads (beige) blend in with but do not detract from floors or furniture. Inspect pads periodically for wear, replace as required. Package contains: 2 Feltac sheets and 1 Velcro™ sheet.
